

# Test and Measurement

Hamer offers a comprehensive range of test and measurement equipment to suit all needs.

As health and safety compliance continues to increase in importance and enforcement, it's imperative that your team has the right gear for their testing and measurement requirements. The new range of Klein meters is extensive and ensures there is a meter with the required features for every job. Wavecom is New Zealand's leading range of PAT testers, built in Australia and offering models from basic to comprehensively integrated systems.

While performance is critical, so is the ability of the equipment to handle the environment. The **new Klein** range of meters includes several rugged models which are built tough and can take the hard knocks, while the Wavecom units come with a protective zipped carry case to keep them safe.

### Klein MM700 TOUGH METER

An auto-True Root-Mean-Squared (TRMS) digital Multimeter. It has a CATIV 600V safety rating and has IP42 and 2 meter drop protection. Included is a nylon carrying pouch, test leads, alligator clips, batteries and thermocouple.

### Klein CL800 TOUGH CLAMP METER

An auto-ranging True Root-Mean-Squared (TRMS) digital clamp meter. It has a CATIV 600V safety rating and has IP40 and 2 meter drop protection. Included is a nylon carrying pouch, test leads, batteries and thermocouple.

### Klein CL310 CLAMP METER

An auto-ranging True Root-Mean-Squared (TRMS) digital clamp meter. It has a CATIII 600V safety rating and 1 meter drop protection. Included is a nylon carrying pouch, test leads, batteries and thermocouple.

**Klein's new test and measurement products** will stand up to the demands of the professionals who use them every day, delivering all the measurement performance and durability needed to get the job done right. These new digital clamp meters, multi-meters and electrical testers are packed with capabilities and functionality to exceed expectations, even on the most demanding job sites.

## March 2016 New Zealand Launch

### WCMTnTEL

Wavecom TnT-EL  
Gen4 Portable  
Appliance Tester  
10A with Meter  
Mode

### WCMTnTRCD

Wavecom TnT-RCD  
Gen4 Portable  
Appliance Tester  
10A with RCD

### WCMTnTMP

Wavecom TnT+MP  
Gen4 Portable  
Appliance Tester  
10A with ECO  
Printer

Designed and manufactured in Australia to meet stringent testing the TnT Gen4 series now sets its own new standard of reliability and ruggedness. Physical characteristics of the Gen4 also have major design enhancements. From simple features such as an integrated carry handle, through to special removable inter-locking power cords, sloping top panel and front loaded test sockets.
