# Datasheet - IFL 2-8M-10P

Inductive proximity switch / Housing construction form: cylinder, thread / IFL - M8

Preferred typ

Design M 8 x 1

Metal enclosure

- DC 3-wire
- miniature body

(Minor differences between the printed image and the original product may exist!)

#### **Ordering details**

| Product type description | IFL 2-8M-10P  |
|--------------------------|---------------|
| Article number           | 101107846     |
| EAN code                 | 4030661038544 |
| eCl@ss                   | 27-27-01-01   |
|                          |               |

# **Global Properties**

| Product name                                    | IFL - M8                           |
|---|------------------------------------|
| Standards                                       | IEC/EN 60947-5-2; DIN VDE 0660-208 |
| Compliance with the Directives (Y/N) $\epsilon$ | Yes                                |
| Operating resource protection class             | None                               |
| Materials                                       |                                    |
| - Material of the housings                      | Brass                              |
| - Material of the nuts                          | Brass                              |
| - Material of the cable mantle                  | PVC                                |
| - Material of the active surface                | Plastic                            |
| Housing coating                                 | nickel-plated                      |
| Housing construction form                       | cylinder, thread                   |
| Weight  | 55 g                               |
|   |                                    |

#### **Mechanical data**

| Design of electrical connection    | Cable   |
|------------------------------------|---|
| Cable length                       | 2 m   |
| Conductor with strain relief       | No  |
| Conductors                         | 3 x 0,14 mm²  |
| mechanical installation conditions | flush   |
| Switch distance                    | 2 mm  |
| Reduction factor 1 met (Y/N)       | No  |
| Protection circuit                 | inductive interference protection, Protection against polarity reversal, short-circuit and overload proof |
| Pressure resistant (Y/N)           | No  |
| Tightening torque for nuts         | A/F 13 max. 600 Ncm   |

### **Ambient conditions**

| Ambient temperature              |                      |
|----------------------------------|----------------------|
| - Min. environmental temperature | −25 °C               |
| - Max. environmental temperature | +70 °C               |
| Protection class                 | IP67 to IEC/EN 60529 |

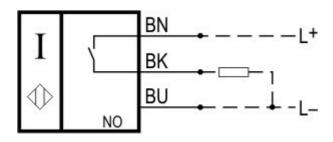

#### **Electrical data**

| Design of control element     | Normally open contact (NO) |
|-------------------------------|----------------------------|
| Number of wire                | 3 piece                    |
| Voltage type                  | DC, direct current         |
| Supply voltage U <sub>B</sub> |                            |
| - Min. supply voltage         | 10 V                       |
| - Max. supply voltage         | 30 V                       |
| Switch frequency              | approx. 3000 Hz            |
| Voltage drop U₄               | approx. 1.2 V (200 mA)     |
| Operating current Ie          | 200 mA                     |
| No-load current I₀            | approx. 3.4 mA (24 V)      |
|                               |                            |

| Outputs  |       |  |
|--|-------|--|
| Design of control output                               | PNP   |  |
| LED switching conditions display                       |       |  |
| LED switching conditions display (Y/N)<br>- yellow LED | Yes   |  |
| ATEX   |       |  |
| Explosion protection categories for gases              | None  |  |
| Explosion protected category for dusts                 | None  |  |
| Dimensions   |       |  |
| Dimensions of the sensor                               |       |  |
| - Length of sensor                                     | 42 mm |  |
| - Diameter of sensor                                   | M8    |  |

#### May not be charged in this area!
