

COAST DUAL POWER RECHARGEABLE LED TORCH

Cut through deep darkness. The COAST XP11R showcases how power meets performance in our XP professional series, delivering ultra-bright light and four-mode, multi-beam capability at up to 2100 lumens on Turbo Mode - bold enough for midnight searches but weighing in at less than 6 ounces.

Featuring COAST Rechargeable Dual Power technology, this IP54 dust-resistant and storm proof flashlight is powered by a COAST ZITHION-X™ rechargeable battery (charging cable included) but can also run on standard alkaline AAA's (purchased separately) - with a real-time power indicator so that you always know when to power up.

COAST-patented SLIDE FOCUS® optical technology shines the Ultra View Flood Beam and BULLS-EYE™ Spot Beam with seamless transitions at up to 220 meters.

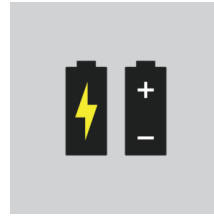

SPECIFICATIONS

DIAMETER (BEZEL)	37.60 mm / 1.48 inches	RUNTIME (LOW)	37 h
DIAMETER (BODY)	31.80 mm / 1.25 inches	RUNTIME (MEDIUM)	7 h 15 min
LENGTH	152 mm / 5.98 inches	WEIGHT	5.7 oz / 162 g

BATTERY LIFE INDICATOR

Know when to power back up - with a battery-life indicator, you can always know when your battery needs to be recharged.

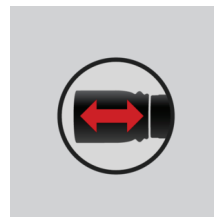

RECHARGEABLE DUAL POWER

Each COAST Rechargeable-Dual Power product comes with a ported ZITHION-X™ rechargeable battery or a non-ported ZITHION™ rechargeable battery.

BUILT-IN USB-C PORT

With a built-in USB-C port, your battery can be charged using a USB-C cord. Some COAST models can be charged both inside or outside the light.

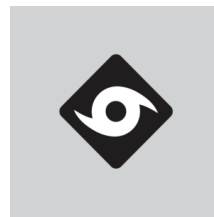

SLIDE FOCUS

One-handed beam control. COAST's SLIDE FOCUS® system enables you to seamlessly transition between spot and flood beam with the push or pull of your finger.

DUST RESISTANT

Take on any dirty work environment with this dust resistant light.

STORMPROOF

Don't worry about the weather. COAST lights that have passed the IP54-level resistance tests are splash-resistant and built with durable materials that stand up to nature.

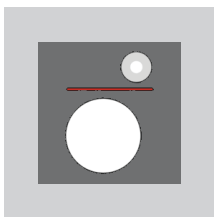

PRO-TEK CHARGING

Charge directly from AC, DC, and USB. Flashlights and headlamps with COAST PRO-TEK Charging include a direct-connect port for powering back up.

TURBO MODE

The XP lights not only features standard light modes but also COAST's signature Turbo Mode for overpowered light in critical situations.

PURE-BEAM FOCUSING OPTIC

Pack two powerful beams into one and seamlessly transition - with no halos or hot spots - between short and long-range viewing.
