

COAST PURE BEAM FOCUS PORTABLE WORKLIGHT

Pack light, pack power, pack simplicity. The COAST WLRI rechargeable work light ups the ante on portable work lighting, shining an impressive 1150 lumens through a TWIST FOCUS™ optic to create two beams in one light - with a max run time of 13 hours. The light's handle rotates 180 degrees so that you can carry it like a lantern, stand it up on its own, or hang it for perfect placement.

Part of our Dual Power line, the WLRI runs on either its embedded COAST ZITHION™ lithium ion rechargeable battery (charging cable included) or by continuous current when plugged into an outlet.

The battery life indicator shows when it's time to recharge, and this performance-centric powerhouse also features a USB power-out port for charging other devices during the workday. Built to IP54 specifications, this work light is dust resistant and storm proof to stay bright even in adverse conditions.

With Coast's commitment to quality, the WLRI Work Light is impact-resistant, dust-resistant, weather-resistant, and its LED are virtually unbreakable. The WLRI Work Light is backed by Coast's 5-year warranty against defects in materials and workmanship.

SPECIFICATIONS

BATTERY TYPE	Built in Lithium Ion rechargeable battery pack
BEAM DISTANCE (HIGH)	252 ft / 77 m
BEAM DISTANCE (LOW)	82 ft / 25 m
BEAM DISTANCE (MEDIUM)	180 ft / 55 m
INCLUDED	Built in Lithium Ion rechargeable battery pack USB charging cord

IP RATING	IP54 Storm Proof & Dust Proof
LIGHT OUTPUT (HIGH)	1150 Lumens
LIGHT OUTPUT (LOW)	125 Lumens
LIGHT OUTPUT (MEDIUM)	600 Lumens
RUNTIME (HIGH)	3 h 15 min
RUNTIME (LOW)	13 h
RUNTIME (MEDIUM)	6 h 45 min

180-DEGREE HANDLE ROTATION

Put the handle right where you need it. An adaptive handle on the work light enables you to rotate the handle up to 180 degrees for optimal placement.

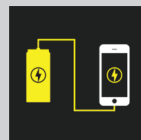

DUST RESISTANT

Take on any dirty work environment with this dust resistant light.

BATTERY LIFE INDICATOR

Know when to power back up - with a battery-life indicator, you can always know when your battery needs to be recharged.

EXTERNAL DEVICE CHARGING

Power any USB-enabled device. Select COAST work lights feature a special external charging system that allows other devices to recharge directly from the work light's battery.

CONTINUOUS AC/DC POWER

You can continuously run this work light using an AC/DC power cord.

HIGH/MEDIUM/LOW

Control your light power with the push of a button. Cycle between full light, medium light and low light options.

DUAL POWER (LI-ION/CONTINUOUS)

You can power the work light by using the rechargeable battery or continuously run the light on a AC/DC power cord.

STORMPROOF

Ride out storms with light - your crushproof, weatherproof area light shines bright or sends a signal when the wind and rain causes outages.
