

FLUSH BOX WITH SPRING NUT

HAMFBSN

Description

The Hamer Flush Box with Spring Nut is designed for fast, reliable installation of standard AU/NZ switches and socket outlets. Featuring an integrated stainless steel spring nut system, it enables quicker fit-off while reducing installation time. Manufactured from flame-retardant polypropylene with a nickel-plated steel fixing bracket, it offers a durable and dependable solution for residential and commercial electrical installations.

Features

- Compatible with all standard AU/NZ switches and socket outlets
- The spring nut design makes fit-off quick and easy, saving installation time
- Body material: Flame-retardant polypropylene plastic
- Contact spring: Stainless steel spring nut
- Fixing bracket: Nickel-plated iron
- Colour: Light grey
- Carton QTY: 240 pcs
