DYMO®

RANGE GUIDE

RHINO

Label like a Pro

Designed based on insights from professional installers, Dymo Industrial labellers and labels are tough, affordable and long lasting.

They're loaded with convenient features that speed up productivity and help save time and money.

RHINO 4200

RHINO 5200 (KIT)

RHINO 6000 (KIT)

Dymo Industrial products give your installation work a clean, professional look that enhances your reputation. Our label printers and labels make it easier than ever to get results that meet industry standards as well as yours. All our products stand up to the toughest conditions your industry can dish out.

Wire & Cable Wraps

Advanced wrap function automatically selects the right label and text size, based on the wire gauge, cable diameter or cable type.

Panels & Blocks

Instantly format and serialise labels for patch panels, terminal blocks and modular components.

Flags

Create perfectly spaced flag labels allowing visibility from any angle.

Fixed-Length & Vertical

Fixed-length key automatically centres and prints fixed length labels to your requirements. With the press of a button, align text vertically for easy-to-read labels.

Electrical Features

Pre-formatted for creating electrical panel, breaker, and module labels.

Symbols & Terms Library

Provides fast access to common datacom, electrical, pro AV, security and safety symbols including ohms, earth, phone & data. Select and print 150+ industry terms from a built-in library.

RHINO 4200

Compact, time-saving labelling tool for on-the-go pros

- Type quickly and easily on the familiar computer-style keyboard
- “Custom” key - customise and save settings for individual label formats
- Prints Code 39 and Code 128 barcodes on 19 mm labels
- Last-label memory and storage for up to 25 of the labels you use most
- Powered by 6 AA batteries (not included) or optional rechargeable battery (sold separately)

Comes with 1 x flex nylon label tape (12mm Black on White)

RHINO 5200

The portable labelling tool that saves you time and money – with every job

- Fast charging rechargeable battery with on-screen battery life indicator
- Prints Code 39 and Code 128 barcodes on 19 mm labels
- Prints labels for patch panels, 110 blocks and terminal blocks
- Meets all ANSI and TIA/EIA-606-B industry labelling standards
- Last-label memory and storage for up to 100 of the labels you use most

Comes in a durable hard carry case. Includes rechargeable battery and AC Adaptor, as well as 2 x vinyl label tapes (9mm Black on White & 19mm Black on White)

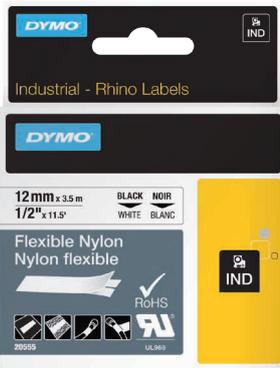

RHINO 6000

PC-connected or portable labeling tool to improve efficiency at any job site

- PC-connected or portable labeling tool to improve efficiency at any job site
- Meets key ANSI and TIA/EIA-66-B industry labeling standards
- Exclusive, one-touch “Hot Keys” automatically size, space and format label text for electrical and patch panels, terminal and 11 blocks, wire and cable flags, horizontal and vertical wraps, vertical and fixed-length applications including 5 line print capability
- Print 6 barcode types including Code 39 and Code 128
- Symbol library includes more than 250 pre-programmed industry symbols, terms, fractions and punctuation marks
- Prints up to 24mm-wide industrial-strength flexible nylon, permanent polyester and vinyl labels, plus heat-shrink tubes, non-adhesive labels and self-laminating labels

Comes in a durable hard carry case. Includes rechargeable battery and AC Adaptor, as well as 2 x vinyl label tapes (9mm Black on White & 24mm Black on White) and DYMO ID software download.

INDUSTRIAL RHINO LABELS

FLEXIBLE NYLON

- For labelling wires, cables and rounded surfaces.
- Conform and stick tightly to wires, cables, curved and textured surfaces.
- Tear-proof material resists damage when pulled through tight spaces or conduits.
- Meets UL 969 (global standard used for permanent product identification)
- RoHS compliant (a European directive restricting the use of certain hazardous substances in electrical and electronic equipment)
- Resists extreme temperatures (-25°C to +80°C)
- Colours & Widths: Black on White - 12, 19 & 24mm

HEAT SHRINK TUBE

- Made of industrial grade polyolefin for long-lasting high-quality wire and cable identification
- 3:1 heat shrink ratio ensures a tight fit around wires
- Meets UL 224 (global standard used for insulating tubing)
- Meets MIL-M-81531, MIL-STD-22G, SAE-DTL-2353/5 Class 1 & 3 (military-grade specifications for marking of electrical insulating material)
- RoHS compliant (a European directive restricting the use of certain hazardous substances in electrical and electronic equipment)
- Resists extreme temperatures (-19°C to +135°C)
- Colours & Widths: Black on White – 9, 12 & 19mm

VINYL

- For general labelling or extreme conditions
- Moisture, chemical and UV resistance
- Meets UL 969 (global standard used for permanent product identification)
- RoHS compliant (a European directive restricting the use of certain hazardous substances in electrical and electronic equipment)
- Resists extreme temperatures (-40°C to +78°C)
- Colours & Widths: Black on White - 9, 12 & 19mm

PERMANENT POLYESTER

- For labelling panels, blocks, faceplates, shelves, bins, beams and more.
- Labels have a polished finish that leaves your work looking professional.
- Meets UL 969 (global standard used for permanent product identification)
- RoHS compliant (a European directive restricting the use of certain hazardous substances in electrical and electronic equipment)
- Resists extreme temperatures (-40°C to +150°C)
- Colours & Widths:
Black on White - 6, 9, 12 & 19mm
Black on Clear - 9mm

RHINO M1011 HEAVY DUTY EMBOSSER

Create industrial-strength metal embossed labels

- Uses 12 mm non-adhesive Stainless Steel & Aluminum labels that resist corrosion from extreme weather, temperature, chemical and UV exposure
- Built-in hole punch for creating hanging, screw-on or nail-on labels
- Built-in cable tie slot punch for cable marking
- Built-in measuring gauge - accurately set length of leading and trailing label edge
- Easy-to-use cutting handle makes cutting stainless steel labels effortless – cuts slightly rounded edges
- Print mirror script labels with included reverse image character wheel
- Comes in a durable hard carry case - includes character wheel, reverse image wheel, 1 x aluminum tape and 1 x stainless steel tape

LETRATAG[®]

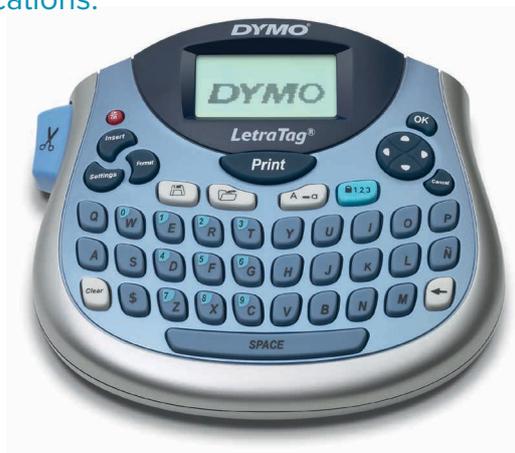

Organise your kitchen, cupboards and everything in between.

LetraTag[®] makes it easy to organise your home and storage areas.

LETRATAG[®]

The ideal label maker for home applications.
Small, sleek and super portable.

- See what your label will look like before you print on the large LCD display
- Customise labels with 7 font types and 5 text sizes, as well as 195 symbols
- Save up to 9 of your most frequently used labels
- Print paper, plastic and iron-on labels in 12mm widths
- Powered by 4 x AA batteries

TABLETOP

HANDHELD

Organise your storage

- Label storage boxes
- Label cabinets, drawers and shelves

Organise your kitchen

- Label ingredients
- Label containers

Identify school supplies

- Label books and equipment
- Label lunch boxes and stationery items

Identify school clothes

- Label school uniforms and sports clothes

LETRATAG® BLUETOOTH®

Portable label maker using Bluetooth®, for use with tablets and smartphones.

- Automatic Bluetooth connection means the LetraTag® 200B is ready to create labels in seconds, directly from your Apple or Android smartphone, using our intuitive new app.
- Use the LetraTag® Connect app to access 8 pre-saved templates for even easier label creation including 5 font sizes, 15 box styles, 100+ icons, and the option to underline, create multiple lines of text, or insert a date.
- Use with authentic DYMO® LetraTag® labels, with 100% recycled external cassettes, which are available in a wide variety of different colors, and types.
- 42% lighter, compared to LetraTag 100T and 100H average weight
- Powered by 4 x AA batteries

LETRATAG® LABELS

Colourful tear-resistant labels for indoor use. Easy-peel backing for trouble-free application. Cassettes automatically load when inserted into your LetraTag®. Great value - 4-metres* of label tape in every cassette.

Paper
Economical 2-pack

Plastic
Available in White, Clear, Yellow and Red

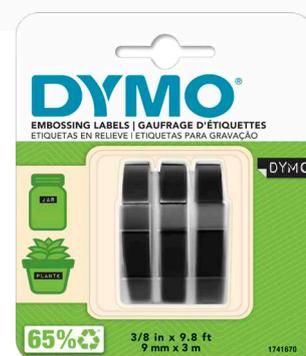

Iron-on
Alternative to sew-on patches for clothing and fabrics (* 2-metres)

ORGANIZER EXPRESS

The classic embosser

From basic identification to Instagram-worthy works of art

- Ergonomic design for ease of use
- Intuitive turn-and-click system - type using the 49-character wheel
- Easily reload labels with the cassette door's soft-touch grip
- Durable construction for extra-long life
- Balanced to stand on any counter or worktop
- No batteries required
- Embossing tape is made of durable plastic for indoor or outdoor use – sticks to any clean flat surface and comes in 3-metre rolls

Organise storage areas

- Label storage boxes and containers
- Label cabinets, drawers and shelves
- Label mailboxes

Streamline filing

- Label files, folders and binders

Manage inventory

- Use barcodes for storage and tracking
- Label products and samples
- Print price tags

Organise supplies & equipment

- Label appliances and IT equipment
- Create instructional signage
- Identify office supplies

DY2174612

LABELMANAGER™ 160

Format fast with one-touch Smart Keys.

Just type your text, format it with one-touch Smart Keys and print.

- Type quickly and easily on the familiar computer-style keyboard
- Format fast with one-touch Smart Keys for text size, bold, italic, underline/box and vertical text effects
- See what your label will look like before you print – preview on the large LCD display
- Powered by 6 x AAA batteries or AC adapter (not included)

DYS0968980

LABELMANAGER™ 280

Portable powerhouse with PC/Mac connectivity and rechargeable battery.

Customise labels with any fonts and graphics from your computer through PC or Mac® connection. Avoid the cost and waste of disposable batteries with a rechargeable battery pack.

- Connect to PC or Mac® to use the fonts and graphics from your computer using free DYMO labelling software*
- Long-lasting rechargeable battery
- Format fast with one-touch Smart Keys for text size, bold, italic, underline/box and vertical text effects
- Type quickly and easily on the familiar computer-style keyboard
- Store and access up to 9 frequently used labels
- Create batches of labels quickly - print up to 10 copies of the same label

DYS0915500

LABELMANAGER™ 420

High-performance label maker for all your office organisation needs.

Customise labels with any fonts and graphics from your computer through PC or Mac® connection. Avoid the cost and waste of disposable batteries with a rechargeable battery pack.

- Customize labels with barcodes, logos and graphics on your computer through PC or Mac connection*
- Print 6 different barcodes (UPC-E, Code 39, Code 128, EAN 13, EAN 8, UPC-A)
- Long-lasting rechargeable battery
- User interface displays menu commands without scrolling - easy-to-read icons for formatting enables fast printing
- Display and print up to 4 lines of text.
- Store and quickly access up to 15 frequently-used labels
- Create batches of labels quickly - print up to 10 copies of the same label

DY2175085

LABELMANAGER™ 210D

Easy to use labeller for your desk, now with added features.

Compact & versatile – the perfect addition to any workspace.

- Type quickly and easily on the familiar computer-style keyboard
- Easy navigation from start to print
- See what your label will look like before you print – preview on the large LCD display
- Quick-access keys for punctuation and currency symbols
- Powered by 6 x AA batteries or AC adapter (not included)
- Prints on Dymo D1 label tape in 6, 9 & 12mm widths

DYS0879530

LABELMANAGER™ 360

Rechargeable labeller for your desktop.

Avoid the cost and waste of disposable batteries with a rechargeable battery pack.

- Long-lasting rechargeable battery
- Type quickly and easily on the familiar computer-style keyboard
- Easy navigation from start to print
- See what your label will look like before you print – preview on the large LCD display
- Quick-access keys for punctuation and currency symbols
- Store and access up to 9 frequently used labels
- Create batches of labels quickly - print up to 10 copies of the same label

D1 LABELS STANDARD

Convenient cassettes automatically load when inserted into your LabelManager™. Available in 10 x colours and 5 x widths (6, 9, 12, 19 & 24mm). Great value - each cassette contains 7 metres of label tape.

For multiple surfaces

Adheres to most clean, flat surfaces (including plastic, paper, metal, wood and glass)

Easy peel backing

Split backing allows you to apply labels quickly and easily

Removable

Labels can be removed without leaving sticky adhesive residue

UV Resistant

Withstands exposure to sunlight without fading or peeling

Water Resistant

Withstands water, oil, grease and mild solvents

Temperature Resistant

Withstands temperatures from -18 to +90 degrees Celsius

D1 LABELS DURABLE

Dishwasher safe, extra-strength labels resist tough conditions – UV sunlight, extreme temperatures, moisture, chemicals, and more. Ideal for both indoor and outdoor applications.

Extra-strength adhesive

Helps to ensure labels stay stuck to a variety of surfaces

Labels that last

Withstands chemicals, solvents, oil, humidity and near-freezing conditions. Ideal for labelling kitchens, pantries, utility cupboards, gardening equipment, laundry rooms, workshops and garage shelving.

SCALES

Make your shipping weigh better.

Save time and money. Weigh any envelope or package for precise postage, every time.

With DYMO Postal & Shipping Scales, you can accurately weigh envelopes and packages up to 50kg, without a trip to the Post Office.

The compact size of the M2, M5 and M10 Postal Scales allows them to fit on any desk, and store easily in your desk drawer.

All DYMO Postal Scales have the following features:

- “Hold” feature locks weight display for 10 seconds after package is removed – convenient when large package blocks view of display
- Tare function – weigh items in a container minus weight of container
- Automatic shut-off when scale is not in use – prolongs battery life

LABELWRITER® 5XL

Ship fast and smart with high speed, wide format label printing with **NEW LAN** connection

- Print large format labels up to 104mm x 159mm (4x6"), the industry standard for shipping labels, it's the ideal choice for ecommerce sellers (Amazon, eBay, Etsy, Shopify)
- Compatible with leading e-commerce platforms and shipping carriers (FedEx, UPS, DHL, NZ Post)
- Prints at ludicrous speed: High Capacity labels up to 129 labels per minute / Standard labels up to 53 labels per minute

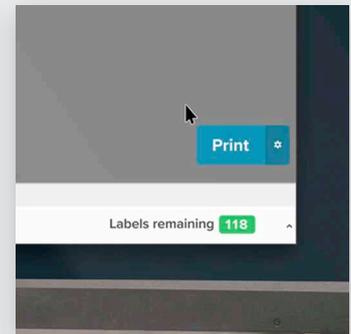

LABELWRITER® SOFTWARE

Available with LabelWriter® 5 Series

Unique new label recognition technology means no more guessing the right label type from a drop down menu. You'll always know what size, type, and colour label is loaded, and you'll never run out mid-run again.

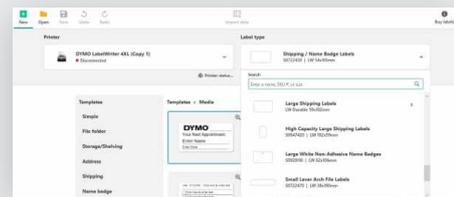

Easy to use

DYMO Connect / Label software allows you to design and print impressive labels that look exactly the way you want them to look – simply and easily.

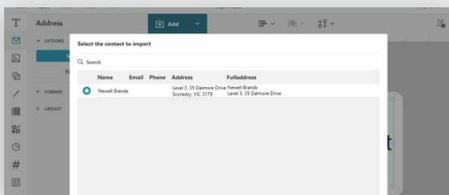

Library of templates to choose from

Quickly find any label size and design you need. Choose from a visual catalogue of 60+ label types and sizes in 100+ pre-designed layouts. Sort by label type; pick your own design or recently printed labels to eliminate re-work.

Works directly with your Address Book

The DYMO Address Book reads directly from your Outlook or Mac Address Book data so you can work with your existing addresses without worrying about synchronizing another address book. Quickly find addresses based on any field.

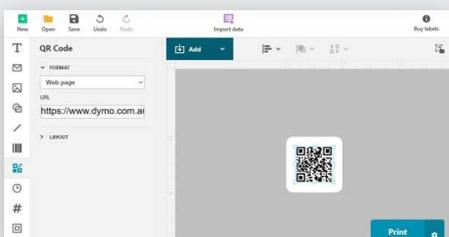

Create custom designs

Add your own logo, graphics, clip art and shapes. Change the font and size of your text. Automatically size everything to fit on your label. Save your custom designs so that you can reuse them with just a few clicks.

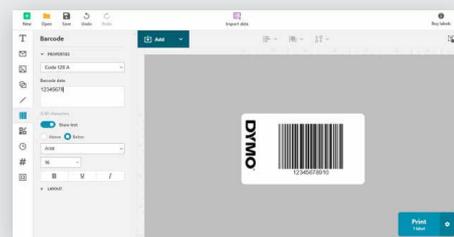

Quick and easy QR codes

Create and print a QR code label with ease - link to a website URL, phone number, email address, etc.

Barcodes are a breeze

Create and print a variety of barcode types with just a few clicks.

LABELWRITER® LABELS STANDARD

Packaged in rolls, LW labels are quick and easy to load into your LabelWriter® printer. Labels come in a variety of sizes suited to the most common labelling applications.
