

PROCELL[®]

BY DURACELL[®]

Procell® INTENSE RANGE

Procell® Intense Power, as one range in the Procell® dual portfolio, is a new battery range specifically engineered to deliver precise pulses of energy while lasting longer in high-drain professional devices*. High drain devices typically have motors, pumps or mechanism that drive moving components..

*vs. prior Procell® AA, AAA, C, D, and 9V batteries

Procell® INTENSE RANGE LAST MORE THAN 2X LONGER

than a normal battery in high-drain devices.

The Procell® Intense range is ideal for high-drain devices such as:

- PAPER TOWEL DISPENSER
- TOILET/URINAL VALVE
- BLOOD PRESSURE MONITOR
- ELECTRONIC DOOR LOCK
- SECURITY CAMERA THERMOMETER
- WALL SAFE
- 2-WATT RADIO CAMERA FLASH INFUSION PUMP DIGITAL CAMERA
- AUTOMATIC ODORIZER
- SOAP/SANITIZER DISPENSER
- HANDS FREE FAUCET
- SURGICAL STAPLER
- FLASHLIGHT/HEADLAMP
- MEDICAL CAUTER DEVICES
- WIRELESS VIDEO DOORBELL
- MOTION SENSOR TRASH CAN
- MOTORIZED WINDOW SHADE/BLIND

The Procell® Intense range is able to provide longevity, combined with rapid and efficient power delivery. This creates a more sustainable option as well as more savings for you.

Reduce waste going to landfill by 23 lbs

Procell® LITHIUM RANGE

Procell® High Power Lithium batteries are designed to deliver reliable and safe power in professional devices with high rate discharge under intermittent or continuous drain, such as security equipment. Also available in 2 and 123 size.

Procell® IS DESIGNED FOR SAFETY

Procell® packaging for button batteries is tamperproof with double blister to avoid accidental opening. On the batteries there is Bitterant, a transparent layer of an extremely bitter substance applied to the backside of the coin cell.

Procell® batteries are manufactured using superior cell design ensuring our highest quality cell construction. Batteries are tested in order to guarantee the highest quality and reliable performance. Environmental testing is also conducted to insure dependable and consistent use.

Procell® GENERAL PURPOSE RANGE

When you buy Procell® alkaline batteries at scale, you're looking for a power output profile built to reliably handle the rigors of constant use while also providing longevity.

Procell® alkaline batteries deliver on that promise, with features such as:

- Reliable long-lasting power
- 'Quality warranty' on each battery
- Designed in collaboration with manufacturers to work best in professional devices
- Stringent quality standards based on ANSI and IEC recommendations
- Bulk packaging with individual date-coding for effective inventory management
- Operating temperatures from -15°C to 54°C

PROCEL GENERAL PURPOSE ARE DESIGNED FOR LONGER LASTING CONSISTENT PERFORMANCE

Specially designed for low-drain devices

The Procell® General Purpose range is ideal for low-drain devices such as:

- WIRELESS KEYBOARDS
 - REMOTE CONTROLS
 - FLUSHOMETERS
- DIGITAL THERMOSTATS
 - BLUETOOTH TRACKERS
 - AND MORE!

DURPC2400	AAA	24
DURPC1300	D	12
DURPC1400	C	12
DURPC1604	9V	12

RECOMMENDED FOR MID AND LOW DRAIN DEVICES

Procell® COPPER TOP RANGE

Procell® Copper Top batteries are alkaline batteries ideal for powering all your devices with extra performance for high drain devices. Procell® Copper Top AA alkaline batteries last up to 100% longer* (*vs. ordinary carbon zinc AA/AAA batteries in 2015 IEC tests. Results may vary by device and usage pattern (www.iec.ch)) and are available in sizes AA, AAA, C, D and 9V. Additionally,

Duralock technology keeps unused Procell® batteries fresh and powered up to 10 years in ambient storage.

Suited for everyday devices with extra performance for high drain devices. The superior Nylon top closure helps preventing our batteries from leakage.

Procell® COPPER TOP ARE DESIGNED FOR LONGER LASTING CONSISTENT PERFORMANCE

Specially designed for high-drain devices

The Procell® Copper Top range is ideal for high-drain devices such as:

- DIGITAL CAMERAS
- PHOTOFLASH
- HIGH POWERED TOYS
- BOOMBOXES
- FLASHLIGHTS
- AND MORE!
